School News

By Betty Lou Powell

Rainbow Girls Sponsor

The Rainbow Girls sponsored a leap year dance in the gym Saturday night at 8 o'clock. The girls invited the boys, took their cars, and paid the boy's way. An admission of fifty cents was charged. The boys' corsages, which were made of radishes, were also fifty cents and were purchased at the door. At nine o'clock the floor show began with Julian Lloyd as master of ceremonies. The show was the following: "I Wonder Who's Kissing Her Now" by Neal Livingston; A piano solo by Mary Eleanor Kidder; "How Soon" and "Serenade of the Bell" by Maxine Seeger; Impersonations of Senator Claghorn, Red Skelton, and others by Harry Dugget; "Bea Your Pardon," solo by Billy Mathis; "I'll Dance At Your Wedding," duet by Clark Womack and Billy Mathis; Skit by Bill Bailey and Judson Lloyd.

The gym was beautifully decorated with trepe paper of rainbow colors. Card tables were arranged around the gym in an eight clock fashion and a circle for dancing marked off with white stands connected by streamers.

Refreshments of cookies and punch were served from a table also decorated in rainbow colors. The phonograph, records, and microphone were furnished by Mattie-Bee.

Seniors Have Kid Day
The seniors had "Kid Day" Wednesday and really enjoyed themselves. They came to school dressed in sun suits, shorts, sun bonnets, overalls, short pants and dresses and

LEGAL NOTICES

IN THE CIRCUIT COURT FOR THE FIFTEENTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR PALM BEACH COUNTY.

City interested in 20 ft. or 30 ft. wide x 7 ft. 6 in. long to be used for

forced corn, and that planned improvements would be made as rapidly as possible. This trailer issue held over for action and recommendation of the proposed new Planning Board.

As a result of information given by the engineering firm of Russell and Axon, which firm drew the plans and specifications for the proposed sanitary sewer and sewage disposal plant, an estimate cost of the entire over-all system at \$774,291.85, and that a bond issue of \$850,000 would be needed to cover all details of the plant.

These plans already have the approval of the State Board of Health, and await like action of the Federal Works Commission at Atlanta, Engineering fees on the project will cost \$23,250.00, one-half to be paid by the Government and the balance by the City of Belle Glade.

Mr. Riley and the Commission spent several hours going over the specification as submitted.

The house numbering project for the city is to be carried out by the Boy Scouts of America. Owing to admitted mistakes in adopting the numbering system, the original being replaced by a revised one, the Commission has agreed to have a liaison, which they continued to eat all day.

The girls were big hair boys with long curls or pig tails. Hubert Scarin and J. T. Harrell even went so far as to get into one pair of overalls. They all went to the park at noon in the usual custom and ate their lunch. Pictures for the annual were taken, and the girls continued to eat all day.

BIRTHDAY DINNER FOR MRS. WRIGHT
In celebration of her birthday, Mrs. Dorothy Wright, was honored Monday evening with a dinner at the home of Mr. and Mrs. Gerold McKee.

The guests included Mr. and Mrs. Henry Bridges, 5600 daughter Cherry, Miss Mildred Carr, Mrs. Marie Carr, Mrs. Nettie Kelow, Mrs. Earl Lindsey and daughter, Ellen, Sydney Wright, and Jerry, Corkey and Mickey McKee.

ENGINEERS GIVE

(Continued From Page 1)
be a most useful and important auxiliary board to the City Government. The City Sanitary and Building Inspector will be the officer for the Commission in carrying out its legislative and directions.

The Commission confirmed the appointment of Charles E. Goulet and M. A. Page, city policeman. Page is a man with considerable police work experience. The resignation of Beaufort Freeman was accepted. Mills B. Lynn was granted a license to open and operate a portable skating rink, which will be located on a vacant lot on Southeast First street just west of the Legion property.

Manager Hurley of the trailer camp on the Riedel property on the west side of the city, appeared in person before the Board, to correct misinformation as to his camp. He stated that his camp had not full inspection and given approval by the State Board of Health in connection with meeting all state sanitary requirements. He invited the public to visit and inspect at any time. He admitted that the present arrangement and appearance was not what he planned, but in present shape was but a temporary

dryable products. Along scientific line the plant is simple in operation. The corn, husk, kernel and cob are released into a grinder from a supply bin, then carried to the dusters, where the moisture is evaporated to the desired degree. The miller then goes to the dusters, three of them, and then to the tanks. It is in the tanks that the corn has to have a lower temperature than the corn, and care has to be given to prevent the corn from becoming moldy or burned. This plant outfit was formerly in operation at the plant of the United States Sugar Corporation's plant in Clewiston.

Mr. Lott is now using in open corn crop, or that portion salvaged from the flood, and some 15 to 20 people are being given employment at the plant, in addition to a large number of field laborers.

As corn comes from the field, it is dumped on a platform, where women sort out the best ears of "Big Joe," which is shelled and placed in the seed pile for planting of the spring crop, and there is some mighty fine selected corn thus secured.

Mr. Lott says, "To make a success of this corn deal, there must be no cheating. The corn must be a 200 acre plant, and farm it themselves, not depending on unreliable colored field labor, and with this individual supervision, growing and harvesting, they can't lose and enjoy an income of from \$25,000 to \$30,000 a year, from such a plant.

Animals have to have food, and someone must raise the basic ingredients for such food, and as that is a farmer's business, he can always be in need of good market and price for his corn, ruminant or other products.

John Pickett Speaks Before Woman's Club

Approximately 125 members of the Palm Beach County Federation of Women's Clubs met here Wednesday for a luncheon at the Methodist Church and a business meeting. Presiding was Mrs. Sara Dame, county president, of Boynton Beach. The welcome was given by Mrs. Lee Pickett, the response by Mrs. Fred Benson of Boynton, invocation by Mrs. H. J. Bratley, and the collect by Mrs. J. A. Ball.

Mrs. J. A. Ball was in charge of the program which was conducted during the luncheon hour. Mrs. S. K. Smith, Jr. gave two piano selections, and Mrs. David Stoddard three vocal solos, which was followed by a talk by the guest speaker, John Pickett of Pahokee. He spoke on China and told of his experiences with this race during the war.

Reports were given by all presidents, and Mrs. J. R. Smith, chairman of the nominating committee, presented a slate of officers which was unanimously accepted for the two ensuing years. The officers are: Mrs. Molly V. Page of Delray Beach, president; Mrs. Frank Seabrook of Jupiter, first vice president; Mrs. Lewis Warshaw of West Palm Beach, second vice president; and Mrs. E. J. Cassidy of Delray Beach, secretary and treasurer.

It was voted to donate to the state federation an endowment fund, and a collection was taken for a bond.

Short messages were given by Mrs. C. Raymond Durkee, Mrs. Marietta Benevento, and Mrs. Frank L. Tucker.

In charge of floral arrangements were Mrs. Luther Jones, Mrs. R. Y. C. Greedy, and registration chairman were Mrs. C. A. Bailey and Mrs. Ball.

The hostess committee was composed of Mrs. L. E. Price, Mrs. J. C. Baldwin, Mrs. E. A. McCabe, Mrs. Lee Hayman, Mrs. J. K. Sander, Mrs. Harold Rabin, Mrs. F. C. Dooley, Mrs. Harrison Rauld, Mrs. Wm. Graber, Mrs. E. M. VanLandingham, Mrs. H. V. Drea, Mrs. Joe Murphy, Mrs. Harry Smith, and Mrs. W. C. Hamilton.

Hendry's Business Block Purchased By Pahokee Firm

The Marvin Hendry, Jr., business and apartment block on North Second street, which the owner erected two years ago, has been sold to Olaf Boe, well known merchant of Pahokee.

As soon as present leases are out, the lower floor will be remodeled in one large store room for the use of the Mathis-Boe branch of the new owner. The central stairway will be removed, and side entrance steps installed.

The Boe interests have been ready to build a new business block here for several years past, but was held up by high costs, so, when the Hendry block came onto the sales market negotiations were made for its purchase. Mr. Boe is one of the pioneer merchants in his line of business in the Glades. D. B. Mathis is his business associate in the Mathis-Boe store.

Cattlemen Should Watch For Dangerous Black Leg

Ralph Kibler, of the Everglades Experiment Station, warns cattlemen in the neighborhood that blackleg, a disease fatal within 18 hours at times, has been found in the area.

He advises inoculation, with a remedy carried by all drug stores and easily administered.

Bob Bair Now Riding A Scooter

Assistant Fire Chief Bob Bair got tired wearing out his legs in looking after his business in the city, so he has purchased him a "Western Flyer" scooter, to use in this work. And can be get around with it!

The Best Drug Store in the Best Town in the Best State in the Best Country in the World

SOUTH BAY BEACH CITY LAKE HARBOR

Ralph Goodbread, youngest son of Mrs. P. E. Goodbread, has enlisted in the U. S. Army for a period of three years and is stationed at San Antonio, Texas.

Kenneth Dillow arrived last week from Chanute, Kansas for a visit with his brother, Paul Dillow and family.

Mrs. Cora Marlowe and Mrs. Violet Powers made a trip to Fort Myers Saturday.

Mrs. Julia Graham, who was the recent house guest of Mrs. Mildred Larrick at Lake Harbor for a week, has returned to her home in Fort Myers.

Mr. and Mrs. J. W. Barnes of Severna Park, Maryland, were last week's house guests of Mr. and Mrs. M. K. Wright.

Mr. and Mrs. Ray Garner and family left last week for their former home at Plant City.

Willie Basgal, who recently drove S. E. Campbell's truck to South Bay from Grinnell, Kansas, is returning home shortly.

Mrs. Ada Cather Nevitt of Winchester, Va., called recently upon Mrs. Mildred Larrick and Mrs. Mildred Corley at Lake Harbor.

Mr. and Mrs. J. W. Strickland entertained at Sunday dinner honoring their son, Billy, and his mother, Mrs. O. L. Strickland, on their birthdays. Guests were his brother and sister-in-law, Mr. and Mrs. J. L. Strickland and daughter, Louise of Homestead, and his sister, Mrs. Maria Brookbank of Miami. The older Mrs. Strickland, who has been here for an extended visit, returned

to her home at Homestead with her son.

Leroy Smith of Center Hill spent last week's day with his brother-in-law, R. R. Roadman and family.

Mr. and Mrs. Fuman Duvall, daughter, Barbara, Miss Louise Sims and Jack Larrick, all of Winchester, Va., were house guests of Mrs. Mildred Larrick at Lake Harbor for a ten day period recently.

Mrs. A. B. Barnes, Mrs. M. C. Harline, Mrs. F. W. Mutchler, Mrs. W. M. Jeffries and Mrs. B. A. Oswald attended an all day session of the WMU at the Belle Glade Baptist Church last week.

Sammy Best of West Palm Beach, Mrs. C. J. Wilson of Chicago and two friends from West Palm Beach, Mrs. Edwin Best, Mrs. Emma Best and Earnest Robinson of South Bay took dinner and spent the day Sunday at Lakeland.

Mrs. Barlow and daughter, Grace, of Belle Glade, Mr. and Mrs. O. H. Martin visited in Clewiston Sunday.

Mr. and Mrs. T. T. Higginson and son, Russell, made a combined business and pleasure trip to Winter Garden Sunday.

Mr. and Mrs. R. S. Donaldson, Mr. and Mrs. W. S. Murphy, Mr. and Mrs. A. R. Murphy, Mr. and Mrs. O. P. Smith took a motor trip Sunday to Immokalee, Everglades City and back to Ft. Myers via the Tamiami Trail.

Mr. and Mrs. C. B. Higginbotham spent Saturday night and Sunday with Mr. and Mrs. C. L. Miller and family in West Palm Beach.

Mrs. O. H. Martin, Mrs. M. J. Hardy, Mrs. W. N. Murphy attended a meeting of the Class Room Teachers in West Palm Beach Saturday.

Mr. and Mrs. J. L. Hicks and family have moved to Belle Glade.

Mrs. J. R. Littlefield of New York City is visiting her sister Mrs. Oneal Walker.

Clayton Miller, Miss Aline Crawford of West Palm Beach, Mr. and Mrs. Owen Miller of South Bay were the Sunday dinner guests of Mr. and Mrs. Linton Miller and family.

Mr. and Mrs. T. A. Cadore, supt. of Money Order Department in Miami, Mr. and Mrs. Joseph Signon also of Miami were week end house guests of Mr. and Mrs. M. K. Wright at Marabar Ranch.

Mr. Wright and his guests enjoyed an afternoons fishing on Lake Okeechobee Sunday.

Mrs. J. W. H. Bowman has returned to her home at Statesboro, Ga., after a visit with her sons, J. C. and W. G. Bowen and their families.

Mrs. H. S. Emery attended the horse show in Miami Sunday.

Ervin Henderson of Miami visited Mr. and Mrs. J. E. Henderson, Mr. and Mrs. S. E. Henderson and family Sunday.

Paul Crosby of Pahokee was the week end house guest of his grandmother, Mrs. L. L. Simmons.

Mr. and Mrs. George Wright of Champaign, Illinois who are now visiting in Arcadia, are expected to arrive Tuesday for a week's visit with his brother, Mr. R. Wright and family.

Teachers Given Flower Shower

The members of the Sixth Grade at South Bay, gave their teacher, Mrs. Ruth Murphy, a flower shower Friday morning. Ice cream and cake were served to all members of the home room and their guests.

Start Red Cross Drive

Mrs. W. C. Allen, chairman of the Red Cross Membership Drive has received posters, cards and stickers for the annual membership drive and will be out signing up members immediately. The Red Cross which has come to the aid of the Everglades in a big way this last fall following the hurricane and after other disasters in the past, should receive hearty support in this drive all over south Florida.

Youth Taking A Bible Study Course

The Juniors of the Baptist Training Union who had satisfactorily mastered the learning of the Old Testament books of the Bible were entertained at a

to her home at Homestead with her son.

Leroy Smith of Center Hill spent last week's day with his brother-in-law, R. R. Roadman and family.

Youth Taking A Bible Study Course

The Juniors of the Baptist Training Union who had satisfactorily mastered the learning of the Old Testament books of the Bible were entertained at a

Weiner Roast and party at the Pastorium Friday night.

The children were entertained with out door games from 7:30 to 9:00 o'clock.

Those attending were Norma Joan Lovell, Ramona Hall, Jane Allen, Jackie Muthler, Dorothy Strickland, Mrs. Carol Elledge, Earnest Robinson, Ronald Keith, Glen and Josephine Martin, Norma Tryon, Gwendolyn Tryon, Betty Lou Kraus, Lomax Harrelle, The Rev. and Mrs. B. A. Oswald.

Convention Date Named

Mrs. H. B. Walker announces a second "L. D. S. Regional Conference at the Belle Glade Legion Hall on March 14. This will be an all day session with a picnic luncheon at noon and a Grocery Store.

Herbert L. Marlowe South Bay Grocer Died On Friday

Herbert L. Marlowe Sr., well known South Bay business man, died at the Belle Glade Hospital, Friday night, after a lingering illness. He was a native of Clearview, Tenn., coming to Fort Myers, Fla., at the age of 14, where he made his home until 15 years ago when he came to South Bay and opened a Grocery Store.

He leaves to mourn his death his wife, Mrs. Cora Marlowe, two sons, Herbert L. Marlowe, Jr. of South Bay and Carl R. Marlowe of Miami, and one daughter, Mrs. Martha Dalton of Jellison, Tenn., and two grandchildren.

The body was taken to the Reverend A. Powell Funeral Home at Fort Myers and funeral services were conducted by the Old Fellows Lodge in Fort Myers on Sunday at 3 o'clock. Burial was at the Fort Myers Cemetery.

The Rev. Guy Owen officiated at the services. Pall bearers were Cecil Stephens, N. E. Keen, Bruce M. Wade, A. D. McLeod, D. T. Farabee and O. T. Tuttle.

Teachers To Be Entertained At South Bay, March 20

The South Bay Parent Teacher Association met at the school auditorium, Monday evening. During the business session it was decided to purchase a water cooler for the school, using the proceeds from a recent spaghetti supper for a substantial first payment. The balance to be raised later.

The first and second grade home room taught by Mrs. Editha Ekanman was the room and prize for attendance.

(Continued From Page 1)
 of the increase of negro pupils from higher attendance average in the Belle Glade area.
 This information is being given for the benefit of taxpayers and parents of pupils, and it is suggested that it be kept handy, for we will hear more soon about getting on with the program, and especially a bond issue, WHICH WILL NOT ADD TO OUR TAXES.

LAKE WHITE SCHOOLS
LAKE HARBOR—GRADES 1-6

SITE: The 3.5 acre site is very adequate and pleasing, but is low ground. Some leveling is desirable, and the high grass and weeds at the play equipment area should be cut and these areas sodded with bermuda or other acceptable grass.
BUILDING: The one-story, two-classroom frame building lacks sufficient classrooms for the number of pupils in the attendance area. The fifth and sixth graders are being housed in the community church which is not suited to school needs. A number of immediate repairs are needed to safeguard the pupils in the school plant. The concrete front steps have sagged away from the floor until the use of these steps is a real hazard. The side entrance porches and steps are badly rotted in spots. These items should be cared for at once.
 The natural lighting is bad. The dark natural wood finish on the ceilings and walls absorbs much of the light. There is insufficient artificial lighting. The two windows in the rear of the classrooms make seating and light control difficult. There are no cabinets for teachers' supplies. The very dark finish on the floors absorbs too much of the natural light.

RECOMMENDATIONS:
 A. Center: Lake Harbor is classified as a probably temporary center for grades 1-12. As soon as adequate space is available at South Bay, the pupils should be transported there.
 B. New Construction: None.
 C. Alterations: None.

OSCEOLA CAMP SCHOOL—GRADES 1-6

SITE: A very well soddied area surrounds the school and is available to the school as a play area. Some foundation planning surrounds the building, and the site is in general very favorable. The building and site are not owned by the School Board.

BUILDING: The building is a one-story frame structure with a sloping roof and rests on wood piers. The area around the area is adequate, but dark walls and floors absorb too much light. Six chain hung ceiling fixtures in each room provide fairly adequate artificial light. There are inside flush toilets. Jacketed oil heaters with galvanized metal flues extending through the roof provide heat. There are eight approximately standard rooms in the building; five are used as classrooms, one as a library, one for an assembly room, and one is equipped as a lunch room.

RECOMMENDATIONS:
 A. Center: This is classified as a probably temporary center for grades 1-6.
 B. New Construction: None.
 C. Alterations: None.

SOUTH BAY—GRADES 1-8

SITE: The site has a total of 2.93 acres, but about three quarters of an acre of this lies across the highway and is of no value to the school because the busy highway is a full about 10 feet high. The 2.23 acres is the main part, the site is extremely low and flood water stands or runs several feet deep when heavy rains occur. The site is entirely inadequate.

BUILDING: The stucco-on-frame building is in very good condition except for some storm damage. Six standard classrooms are in use. Outside woodwork needs painting, and classrooms should be redecorated with flat white for ceilings and approved pastel shades for walls. Floors are very dark and should be sanded, sealed and waxed. No stain should be used on the floors. Teacher's cabinets are needed in almost every room. Heating is satisfactory, but excessive costs can be avoided by heating only those areas in use and by lowering the steam pressure as the day grows warmer.

RECOMMENDATIONS:
 A. Center: South Bay is classified as probably permanent for grades 1-8 at a new site, mid as temporary for grades 7-8. Grades 7-8 should be transported to Belle Glade when facilities are available there.
 B. New Construction: No new construction is recommended for the immediate future. When a new study is made to determine accrued needs, an estimate can be agreed upon.
 C. Alterations: None.

BELLE GLADE—GRADES 1-12

SITE: The site upon which the elementary and the high school buildings, containing 8.76 acres of land, is very satisfactory for an elementary school site, but is inadequate for a program of twelve grades. A site of 22.5 acres, a block away from the present buildings, is adequate for a high school program, and the school authorities are to be commended for making provision for an expanding program and membership.

BUILDING: The high school building is a stucco-on-masonry and contains nine standard classrooms, a science laboratory, a homecoming suite, a commercial room, a library, and a combination auditorium-gymnasium. This an excellent school building, but shower and dressing rooms are inadequate, the homecoming rooms are small, the science laboratory is inadequate for two science teachers, and the library is not adequately provided with natural light and ventilation. The vocational agriculture program is housed in a separate frame building that is fairly adequate in size.

The elementary school building is stucco on frame construction. Some structural cracks appear, and there is evidence of bad uneven settling of the building. Approximately half of the rooms being used are substandard, only 7 of the 15 classrooms being considered as standard. No special rooms or general service rooms are available for elementary school use except as high school facilities will irregularly allow.
 The two buildings have a capacity of approximately 580 in standard space, and present membership totals 608.

RECOMMENDATIONS:
 A. Center: Belle Glade is classified as a permanent center for grades 1-12. The present plant is just about sufficient for housing the present elementary and the junior high school grades.

B. New Construction: A new junior-senior high school plant to house grades 7-12 should be erected on the new 22.5 acre site. This building should contain 12 classrooms, science rooms, two homemaking rooms, two agriculture rooms (including shop), a library, and auditorium, a gymnasium, a hand room, a lunchroom and adequate administrative rooms (including storage), with proper sanitary and waiting facilities. Estimated cost: \$373,200.00.

C. Major alterations: No estimate is made for this report, but it is recognized that probably some alteration of the present elementary building for special purposes may be desirable when the present plant is used exclusively for elementary school purposes.

NEGRO SCHOOLS

RITTA ELEMENTARY—GRADES 1-6

SITE: This is company owned property. The plot of land is entirely too small; the ground is uneven, and residences are crowded too close to the school building.

BUILDING: The frame building has to serve as a school room and as a home for the teacher. The portion given to the school work is a room 24' long and 16' wide, irregular in shape and housing 23 children. Light is admitted through several small square windows, high up in the walls, which have a total glass area of 14 square feet. Artificial lighting is inadequate. There is no provision for heating. There are no school toilets, but the children have access to outdoor community toilets on adjoining plot of land.

RECOMMENDATIONS:
 A. Center: The Ritza School is classified as a temporary center for grades 1-6; it must be used for a short time, provision for heating should be made at once, and the artificial lighting fixtures should be properly adjusted to compensate for lack of natural light.

As soon as possible, the children in this school should be transported to a school to be erected on a new site—probably near Bean City.
 B. New Construction: None.
 C. Alterations: None.

BEAN CITY ELEMENTARY—GRADES 1-6

SITE: This site covers approximately 1 acre of low, uneven, but well soddied land. The property is owned by Arthur Wells.

BUILDING: The low one-story frame building was built to serve the community and is well suited for this purpose. The ceiling is quite low, and the windows—18 inches from the ceiling—extend almost to the floor. Much of the light enters too low to be of value to the pupils.

The enrollment is now 35, and may reach 67 as it did last year. The one room is inadequate.

RECOMMENDATIONS:

A. Center: Bean City is classified as a temporary center for grades 1-6. As soon as possible the pupils should be moved to the school to be constructed on a new site, probably near Bean City.
 B. New Construction: None.
 C. Alterations: None.

EVERGLADES CAMP—GRADES 1-8

SITE: Several acres of very nicely soddied level land immediately around the building is available to the school for play area. Some metal play ground equipment is on the ground, but is now in need of repair. The site and building is not owned by the school board.

BUILDING: The one story frame building is unpainted on the outside and is rotted in a number of places. The floors are dark and the walls in most rooms are natural wood color with white ceilings. Six ceiling fixtures in each room supply the artificial light. Circulating oil heaters with galvanized metal flues extending through the roof provide heat. There are six classrooms and two toilet rooms in the building, and the school has the use of a large auditorium that is located on the grounds adjoining the school site.

RECOMMENDATIONS:

A. Center: This is classified as a probably temporary center for grades 1-8. As soon as possible the pupils should be transferred to Belle Glade as soon as facilities are available there.
 B. New Construction: None.
 C. Alterations: None.

BELLE GLADE ELEMENTARY—GRADES 1-6

SITE: The site on which the building is located is almost one acre in area and is located in a congested Negro section with no opportunity for expansion. The area immediately in front of the building has been nicely landscaped, but no other vegetation or improvement has been made. Drainage from the septic tank flows on the surface immediately to the rear of the building. The board owns new site near the school, that is in a better location.

BUILDING: The one story frame building with tar paper roof rests on concrete and wood piers. It was built in 1929 and appears to have been neglected since. The porches are rotted, the outside paint has flaked off, and the building is in a poor state of repair. Some of the classrooms are unheated and unpainted, and others have been celled with dark fiberboard. The floors have been oiled. Unvented oil heaters are used, and four bare bulbs, in each room provide artificial light. This building is unsuited for school use.

RECOMMENDATIONS:

A. Center: The Belle Glade Negro School is classified as a permanent center for grades 1-6. The present building and site should be abandoned as soon as new facilities are constructed at the new site.

B. New Construction: The following facilities should be provided on this new site: Fifteen classrooms, and auditorium, lunchroom, library, a music and activity room, health room, and office and storage space. These should be so arranged and constructed that high school facilities may be added later. Estimated cost: \$150,000.

C. Alterations: None.

EVERGLADES VOCATIONAL—GRADES 1-12

SITE: The site is 2.2 acre low, grassy plot bordering on the main highway. Although the area is ample to provide play areas on both sides of the main plot relieve congestion and temporarily give adequate space. Permission to use the play area can be withdrawn by the local housing authority at any time.

BUILDING: The main building is a one-story frame structure with 12 classrooms. It is owned by the local government, leased to the local housing authority, and rented to the School Board. The walls and ceilings are finished in natural wood color which absorbs too much of the natural light. The rooms are large, and are insufficiently heated by circulating oil heaters with individual attached tanks. The few rooms with out circulating heaters are heated by small unvented oil stoves. The building is supported on wood blocks. Some of these are decayed badly. Steps at the entrance are decayed badly, and should be repaired at once. There is no auditorium, but the school uses the community auditorium about two hundred yards from the main building, when permission can be secured from the local housing authority.

The home economics classes are housed in a converted two-unit home across a street from the main building. The agriculture shop is housed in a "Tin Shelter" about 100 yards from the main building, but only a few instructional materials were in evidence. Divided responsibility and authority in control of buildings and grounds makes this center undesirable as a permanent high school center.

RECOMMENDATIONS:

A. Center: Everglades Vocational School is classified as a probably temporary center for grades 1-12. Whether or not this school would become a permanent center probably depend upon the County's acquiring the buildings and sufficient land from the Federal Government. It will probably be found to be advisable to make provision at the expanded Belle Glade Center for the pupils from the Everglades Vocational School.

B. New Construction: None.

C. Alterations: None.

Stricken While

Driving A Bus

Word has been received that Marion Lockmiller, who was struck last week with Mrs. Lockmiller to visit his brothers and Bertie Davis of South Bay at Zolfo Springs and Claremont suffered a stroke of paralysis in the bus and was transferred to an ambulance at Haines City and taken to the home of his brother, Frank, at Claremont.
